Lyon : considered as the France's second largest city (2.6 million inhabitants) and one of the best cities to live in as voted for by students from around the world.

The 9th most attractive European city for businesses,

> **Lyon is the second largest job market in France** and one of the most innovative cities in the world.

> **Many headquarters of international organizations** like Interpol, the World Health Organization or the International Agency for Research on Cancer are based in Lyon.

+ First French city for culture after Paris

A real city of arts, Lyon links its cultural heritage to the present.

- > **Gastronomy:** 4000 restaurants. Chef Paul Bocuse
- > **Cinema:** Auguste and Louis Lumière, the world's first filmmakers
- > **Festival of Lights:** millions of visitors each year
- > **A wide range of cultural venues** including the Opera House, the museum of Gallo-Roman civilization, the Auditorium, the Dance Theater, and some 20 other theaters!
- > In terms of **architecture**, Lyon has been classified as a UNESCO world heritage site and the city hasn't stopped revisiting and requalifying it. The metamorphosis of the modern Confluence districts is an example among others.

+ An eco-friendly and easy-to-reach city

- > **Eco-friendly modes of transport** like the Vélo'V city bicycle system
- > **Lyon-Saint Exupéry international airport and TGV high-speed train** (less than 2 hours from Paris or other cities).
